EXPERIENCE

Ilkka Healthcare Pvt Ltd
HR INTERN

Jun. 2025 – July 2025
Lucknow, India

- Assisted in recruitment processes by screening resumes and scheduling interviews.
- Supported **on boarding of new employees** through orientation preparation and document management.
- Conducted employee surveys to gather feedback on workplace culture and satisfaction.
- Maintained **HR databases** to ensure accurate employee records and compliance with regulations.

PROJECTS

Quantum Random Number Generator

- Developed a quantum random number generator leveraging quantum principles to produce truly unpredictable random values.
- Analyzed randomness quality and compared quantum-generated numbers with classical pseudo-random generators for security applications.

Designed Website for Ilkka Healthcare Pvt Ltd

- Designed and developed a professional, user-friendly website for Ilkka Healthcare Pvt Ltd to enhance digital presence and brand credibility.
- Implemented a clean, responsive layout with intuitive navigation to effectively showcase company information and services.

Threat Detection in Cyber Security – Scanning folders and URLs for threats

- Developed a cybersecurity threat detection system to scan folders and URLs for malicious files and suspicious links.
- Implemented rule-based and signature-based techniques to identify potential threats and improve system security.

Keylogger

- Implemented a software-based keylogger to monitor and record keystroke events for security analysis and system behavior study.
- Designed efficient logging and data handling mechanisms to capture, store, and analyze keystroke patterns.

ACHIEVEMENTS

Key Achievements

- **Certificates:** SIH first round qualification, Microsoft Azure Static
- **Sports:** Secured **2nd position** in Basketball(ByteForce, SOCS), amongst the best performers in **NBA Jr. Camp**
